Traction aid storage box

A CONVENIENT AND EASY SOLUTION

SOUDEL offers a convenient storage box to secure and protect your truck's traction aids. With its easy-to-use anchoring device, this storage box will prevent your traction aids from sliding around while you're driving, while protecting them from premature wear and tear. This storage box is the ideal companion for SOUDEL's large traction aids.

Keep your traction aids safe and secure

Protect your truck's traction aids while keeping them close at hand with SOUDEL's custom-made storage box. With its sleek design, paint finish and quality craftsmanship, this sturdy storage box features an easy-to-use anchoring device that will keep your traction aids secure when not in use. Each traction aid storage box can house one pair of SOUDEL's GRA-030 large traction aids (sold separately).
