## Security Dump

# THE ULTIMATE IN DUMP TRUCK SAFETY

SOUDEL's SECURITY DUMP safety props help you to keep any dump body securely elevated while workers are performing repairs and maintenance on a truck. With their robust and sturdy design, these durable safety props will give you total peace of mind knowing that you are keeping workers safe from potential injuries.

# Secure any dump body with confidence

With SOUDEL's SECURITY DUMP safety props, you can avoid any accidents and injuries that could be caused by the sudden lowering of a dump body, giving workers safe access to the area underneath.

In addition to their sturdy construction, SECURITY DUMP safety props are easy to install and will help you to secure any dump body with total confidence. An adapter is also available for use on 7-inch-wide trailer frame rails.
